Easter Reports

We have had some excellent Easter reports of churches that are coming in... from our larger churches to our smaller churches...

Falcon NewStart, "Gathering Stones" with Pastors Ronnie Wilson and Bill Fanning pushed for a great Sunday to have their first service in their new building... They had a great day... and started with 65 on Sunday morning... They still are in the launch phase but were encouraged with this first Sunday in the building.

It has been exciting to see the results of our churches as they pushed for great Sunday Easter Services. More will be coming as the stats come in.

Pastor of the Week

Pastor Terry Douglas

was installed at Canon City Lincoln Park on Sunday.

They had an excellent Sunday and high morale as Pastor Terry begins a new assignment with a new congregation...

This church is attempting to do a re-focus over the next two years.

Pastor Terry just returned from Haiti where they ministered and worked on buildings for our churches that have suffered severe crisis as result of the earthquake. It was a life changing experience for him...
