Get Inspired

"Even some of the great preachers in history struggled with concluding their messages. Many never pressed for a verdict. Instead, they simply trailed off at the end of their sermons. We fail in this area more than in any other part of the messages. I spend a lot of time on it because a sermon without a conclusion is a message without a purpose. Changed lives come from great conclusions." - Rick Warren

The **Colorado District Prime Time** committee is promoting this year's retreat. We have an outstanding team of workers coming in evangelist Elaine Pettit and singers Bob and Becky Gray. Our theme is Camp Meeting in the Rockies. We are doing everything we can to let people know about this outstanding district event and we need your help. Will you help us? We are a part of the district team and attempting to assist in the spiritual life of our Prime Timers
