

Pastors

This is the notice that was put on the District Facebook page and Website. Would you please make your people aware of this Love Offering for Golden Bell. Our goal is to raise \$50,000. Would you please consider announcing it in our services this weekend and receiving a special offering for this next Sunday, November 10<sup>th</sup>.

Thanks

VRA

Colorado District Nazarenes,

We have experienced the goodness and mercy of God this week at our District Camp, Golden Bell. The fire that came to our property destroyed acres of vegetation and some trees, but all buildings are safe and there was no loss of life. We are praising God for this. In many places you can see where the fire was stopped, changed direction, put out when if it should have gone further, we would be telling a different story. In every way God has accomplished a miracle on our campground, and we are thankful.

It is now time for us to do our part as the Colorado District. While we are hoping insurance will assist us to regain our footing, there are some things that will fall on the campground at this time. I am challenging the District to raise **\$50,000** for Golden Bell on Sunday, November 10<sup>th</sup> through a special offering. This money will go to assist Golden Bell in recovering lost revenue, purchase seeds for reseeded meadows, immediate restoration projects, and other time sensitive costs.

You may give through your local church this Sunday or next, at the time of the offering on November 10<sup>th</sup>, or on Golden Bell's, website; [goldenbellccc.org](http://goldenbellccc.org) where you will find a donate tab located under the home page tab. Together we can make a difference for Golden Bell and the Kingdom. This is a reminder again that we are better together.
